EDU 7663 Using Technology in the Study of Qualitative Research Methodology

Fall 2016 Dr. Rory Manning

REFLECTION

EDU 7663, "Using Technology in the Study of Qualitative Research Methodology" introduced this cohort to using technology, specifically NVivo software to collect, interpret, and sort qualitative data in a meaningful way.

Upon reflection, beginning this program with the quantitative nature of EDU 5640 and ending with the qualitative content of 7663 could not have been designed better and I have found that few studies are truly 100% of either
