PELP Coherence Framework

AREA OF FOCUS:

PELP Coherence Framework

Strengthening leadership skills leads to better educational outcomes.

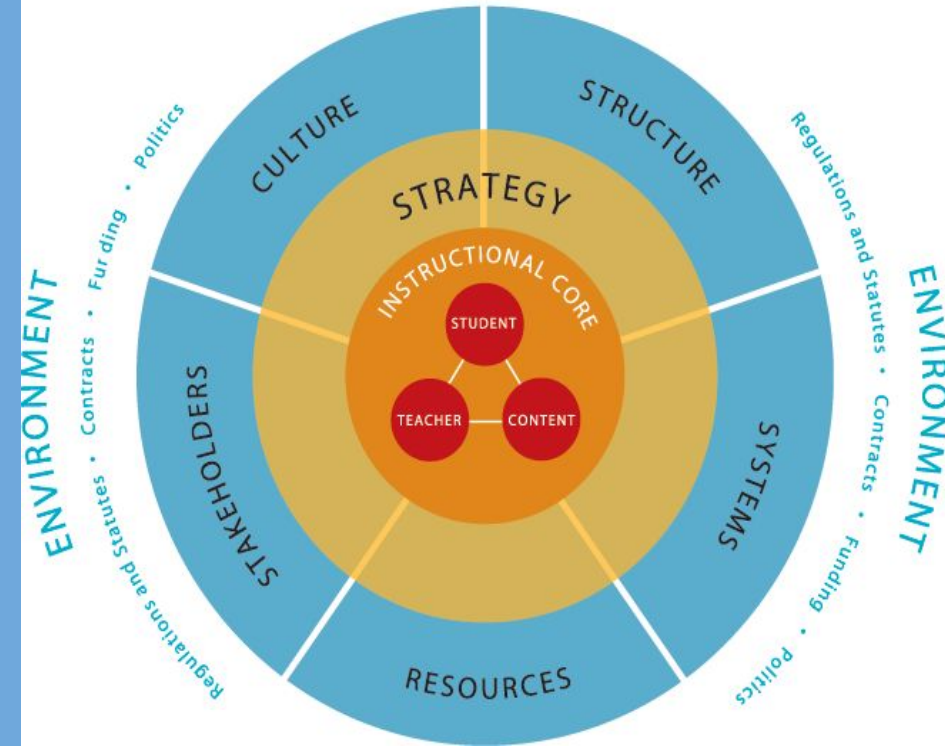

Helps leaders identify the elements that support district wide improvement.

Seeks to marry business strategy to the realities of educational reform and schools.

Districtwide improvement of student performance with a strategy that is coherent and integrated.

UNDERLYING BASIC ASSUMPTIONS:

PELP Coherence Framework

Systems Thinking: All parts must be considered and are interdependent as impacted by the environment in which they exist.

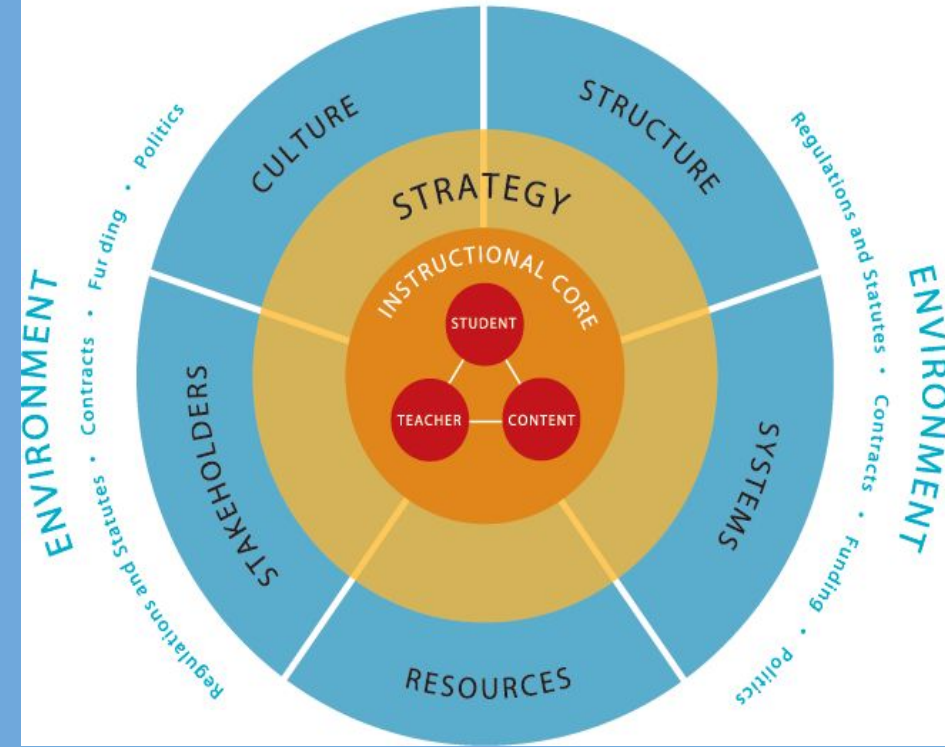

District wide changes impact the classroom education:

Students ↔ Teachers ↔ Content

Strengthening leadership skills leads to better educational outcomes.

INHERENT VALUES:

PELP Coherence Framework

Coherence and integration of actions.

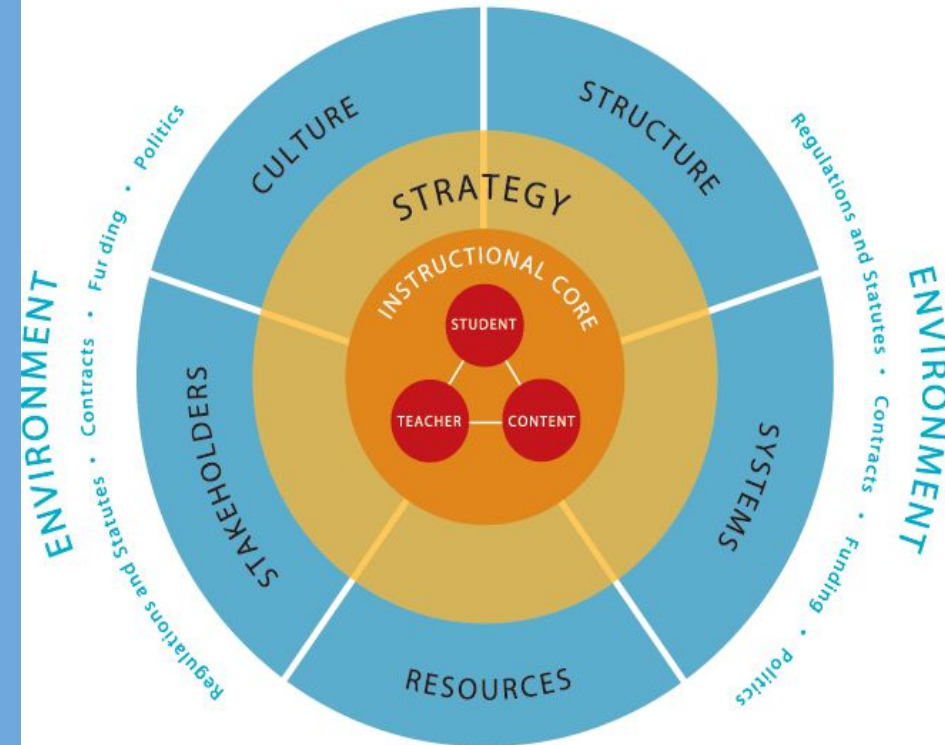

All stakeholders

Systems approach.

Top down.

CULTURAL PRACTICES:

PELP Coherence Framework

Plans to improve student performance.

Strategies for improvement are connected to the instructional core.

Coherence among actions in the district, school, and classroom.

Resources are managed better to support teachers and learning
